RESPONSE TO OFFICE ACTION

In response to the Office Action mailed March 19, 2003, Applicants submit the following:

IN THE CLAIMS:

Please substitute the amended claims below for the pending claims with the same claim numbers.

1. (Currently Amended) A method of storing and retrieving one or more items on a database over a plurality of communications networks, including:

    a.   entering, at a first communications terminal, one or more data items;

    b.   transmitting said data items, together with a first user identity code, to a database server over a first communications network;
